districtcentralsaanich One of the largest capital projects undertaken by the District is about to get started!  
The Brentwood Bay sewer system has reached the end of its lifecycle and replacement will begin this month. The system handles approximately half of the municipality's wastewater, including flows from the WJOLELP (Tsartlip) First Nation.

districtcentralsaanich Construction has begun on the Brentwood Bay Sewer along Wallace Drive at Centennial Park; this area will be impacted for the next several months.  
Traffic control personnel and signage will be in place to help direct vehicles, cyclists, and pedestrians through the active work areas.  
More information is available at [CSaanich.ca/BrentwoodSewer](https://CSaanich.ca/BrentwoodSewer) #CSaan

districtcentralsaanich TRAFFIC NOTICE: Portion of Wallace Drive will be closed until further notice. Detour in effect.

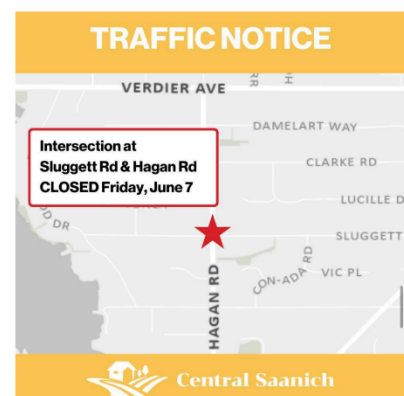

Wallace Drive from Stelly's Cross Road to West Saanich Road will be closed to traffic headed south towards Brentwood Bay. Please use the detour route along Stelly's Cross Road and West Saanich Road.

The road will be open as one-way traffic for vehicles headed northbound along Wallace Drive towards Saanichton.

The closure is due to a combination of the wet weather and the soil conditions during the Brentwood sewer replacement construction. We hope it will re-open in early May and will provide updates.

districtcentralsaanich We're sure you're all aware by now - it's the season of infrastructure work! While we are happy to see this crucial work getting done, we also acknowledge that it can be inconvenient to wait in traffic. We thank you for your continued patience and kindness to the crews.

As projects and dates are scheduled, they will be added to the Infrastructure Project page [csaanich.ca/projects](https://csaanich.ca/projects) #CSaan

districtcentralsaanich 🚧 Traffic Notice: Brentwood Bay sewer replacement paving reminder

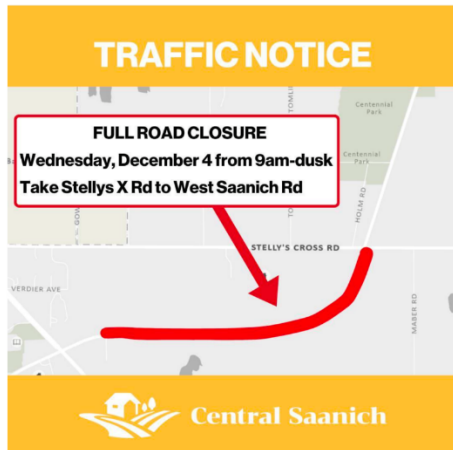

🚧 Paving at the intersection of Wallace Dr & West Saanich Rd, as well as along Wallace Dr from West Saanich Rd to Stellys X Rd, is taking place today, October 23, and tomorrow, with a possibility of extending to Friday, October 25 - weather dependent.

Access to all businesses and the pedestrian route will remain open. Please anticipate significant traffic delays at the intersection and use an alternate route where possible.

We appreciate your patience and cooperation as we work to complete these essential improvements. Please see the project page at [CSaanich.ca/BrentwoodSewer](https://CSaanich.ca/BrentwoodSewer) for a full update.

districtcentralsaanich The roadwork along Wallace Drive for the Brentwood Sewer Project, from Brentwood to Stellys X Rd is nearing the finish line.

🚧 Traffic Notice - crews are finishing the sidewalk and will begin paving Wallace Drive from Silverdale Pl to Stellys on Wednesday, December 4 from 9am-dusk.

🚗 This requires a FULL closure for vehicle traffic – Please use an alternate route.

🚶 Pedestrian access will remain open

Work on the barriers and ditches, bus stop and line painting will follow. We greatly thank the community for its patience as we upgrade the sewer system and above-ground infrastructure to serve us for decades to come.

districtcentralsaanich Road work along Wallace Drive for the Brentwood Sewer Project, from Brentwood to Stelly's Cross Road, is nearly complete. We anticipate the road will reopen near the end of January.

🚧 Sharing the road safely 🚧

🚗 The south-bound lane will reopen once crews install road safety barriers and paint a temporary center line. Please drive slowly and look out for cyclists and pedestrians.

🚗 Remember that under the new Motor Vehicle Act regulations, vehicles must give bikes 3+ feet of space for safe passing distance.

🚲 Temporary paint will not include road markings for bikes just yet. Please ride with caution as close as practicable to the right side of the road (or take the lane if it is safer to do so).

🚶 Temporary paint will include a crosswalk at Willow Way. This is a new crosswalk and does not have lights just yet. Please cross carefully.

🚧 Upcoming work 🚧

- Permanent line painting
- Signage adjustments for bike lanes and sharing the road
- Speed reduction for improved road safety
- Crosswalk lights at Willow Way
- More paving near Willow Way, alongside BC Hydro work

Permanent line painting is weather-dependent and we anticipate that it will be completed this spring. Please check the project page for updates:
