Good morning,

[REDACTED] has been running a front end loader and excavator near our house since 6:10 am. This is not farm related or even a farm. They trucked in 3 tanker loads of liquid waste to mix with the grindings that are also trucked in from all over Victoria. This is not allowed on ALR land or in our municipality without permits. Who approved this operation? And on what grounds? Please forward to mayor, council and bylaw. Thank you.
