

PETITION

To Central Saanich Municipal Council

**Save Our Neighbourhoods & Hovey Road from Development that
Violates our *Official Community Plan***

With regard to the *Official Community Plan* (OCP) Hearing to allow a Multi-Unit development at 1934–1966 Hovey Road, we the undersigned strongly emphasize that the Central Saanich Municipal Council is accountable to us as residents and taxpayers and should abide by our *Official Community Plan* which was developed over a 3 year period with citizens advisory groups, extensive public engagement, professional consultants and substantial cost.

We, the undersigned residents of Central Saanich request that:

1. Council abide by the Central Saanich *Official Community Plan* (OCP) and deny this OCP amendment
2. Council continues to abide by the *Official Community Plan* in future development matters unless or until the OCP is changed at a future review process involving public input.

PETITION

To Central Saanich Municipal Council

Save Our Neighbourhoods & Hovey Road from Development that Violates our *Official Community Plan*

With regard to the *Official Community Plan* (OCP) Hearing to allow a Multi-Unit development at 1934–1966 Hovey Road, we the undersigned strongly emphasize that the Central Saanich Municipal Council is accountable to us as residents and taxpayers and should abide by our *Official Community Plan* which was developed over a 3 year period with citizens advisory groups, extensive public engagement, professional consultants and substantial cost.

We, the undersigned residents of Central Saanich request that:

1. Council abide by the Central Saanich *Official Community Plan* (OCP) and deny this OCP amendment
2. Council continues to abide by the *Official Community Plan* in future development matters unless or until the OCP is changed at a future review process involving public input.

Dear Central Saanich Municipal Council,

I am reaching out to express my strong opposition to the OCP Amendment for 1934-1966 Hovey Road. Two years ago, we relocated to British Columbia and chose the Saanichton region, specifically our current residence on Hovey Road, after conducting thorough research on the area, with a particular focus on prospective development plans. We were cognizant of the Official Community Plan, and its framework provided us with considerable reassurance that this locale would not become overly populated. It is with profound dismay that we now observe the recent proposals regarding amendments to the OCP for this site. Such an amendment would have a substantial effect on the area, especially regarding local wildlife. I wish to strongly express our disapproval and respectfully urge the Central Saanich Municipal Council to reject the OCP Amendment for the properties located at 1934-1966 Hovey Road and abide by the OCP in future development matters.

Kind regards,

Lolo

There will be a public hearing announced very shortly, and we will let you and all of our supporters know the date.

In the meantime, if you would like to send a message to the mayor and councillors, that is very helpful. I recently met with the mayor and a councillor, and they *confirmed the importance of hearing from the public.*

- This is the contact page for the mayor and council: <https://www.centralsaanich.ca/municipal-hall/mayor-council>
- To send to the whole group - Copy and paste into your email program: ryan.windsor@csaanich.ca, chris.graham@csaanich.ca, zeb.king@csaanich.ca, bob.thompson@csaanich.ca, sarah.riddell@csaanich.ca, gordon.newton@csaanich.ca, niall.paltiel@csaanich.ca, municipal.hall@csaanich.ca

If you are able, please spread the word to people you know.

By the way, I read your story and visited the website for the [REDACTED]. Had never heard of it. Good for you.

With sincere appreciation,

Proposal to go against the OCP on Hovey Road

There are much more suitable areas for such a development that would not disrupt existing residential areas and wildlife. Keating X Rd for example. Or the unused driving range on Central Saanich Road.

We are requesting Counsel follow the Official Community Plan.

So much time, and thought went into this plan.

Many other areas of Victoria are taking up the densification. Massive apartments being built on sides of the highway, the previously beautifully treed parkway to Langford.

Victoria downtown developer is proposing a 26 floor apartment building. Please keep apartment densification to the City of Victoria.

We have a beautiful municipality. To start to take down homes to build apartments is the beginning of changing our lovely safe, tree friendly, grass for kids to play on community to something we can never ever go back to. Oak bay understands this. Do you see them taking down a block of houses?

As a child we lived on the Gorge. An apartment next door and all the side windows facing our home and back yard, the orphan on the corner. The previous owner didn't sell. My sister and I played in the back yard and looked up seeing people watch us. I wont forget that. It was a very creepy feeling.

Remember, you can't go back. The plan was created for a reason. ❤️

Please add my name, Brenda Axon to the below mentioned Petition "To Central Saanich Municipal Council to Deny the OCP Amendment for 1934-1966 Hovey Road."

I am beyond disappointed and at the end of my tether with this current council and the Mayor. This area will completely change and neighbourhoods will be destroyed if they are allowed to go ahead with this plan.

The council appears to believe that they are not accountable to anyone and are forgetting that it is we, the citizens who are paying them to make decisions meant to be in OUR best interests and it is OUR money they are using, especially if they are to enter into legal proceedings over the compulsory purchase of the land at Hovey. Frankly, riding roughshod over the OCP and changing our environment without any consultation from us is appalling and unacceptable. I believe that I have read recently that the council has over-achieved already it's required quota of new dwellings for the area as set out by the BC Government. Multi unit properties are not the answer. They destroy neighbourly interaction and are ugly. Central Saanich is a rural/semi rural area and should remain so. In the future with climate change, we may need all the land we can get in order to produce food and we cannot use it if it's been concreted over.

Having previously had dealings for several years with the council and the CRD Parks Committee, as a member of the Committee of Friends of Island View Beach, my experience tells me that even though these bodies might have public meetings, they already have made up their minds about what they wish to do, and the meetings are simply for show to make it appear they are willing to listen. We know that, because the majority of the time, they go ahead with their plans anyway.

Thank you for creating your website and taking some action.

Kind regards

Bren Axon

Hi there

I would like to add my name to the petition- I am not able to print out the petition as no printer.

I am appalled by what's happening in Central saanich - with the new towers at mt newton, new condos at the old medical clinic, Possible new towers where central municipal hall is, and new construction across from centennial park- it's way too much - turning into a mini Langford - traffic will be terrible.

Too much development in such a quiet farmland area.

I have lived here for 26 years
