Good morning,

They are running the front end loader next to our house. Starting at 6:15am. Banging, booming and scraping. Also the bright head and tail lights shine into our living and dining rooms. This is ridiculous. How is this allowed? It's not a farm nor a farming activity. Please let us know who we need to contact that will actually do something to stop this from happening. Please forward to mayor and council and bylaw. Thank you.

Regards
