Subject: [REDACTED]

Good morning,

At 6 am they are running 1 of 2 front end loaders to push garden waste piles up. Once the booming, banging and scraping from this is completed they will they start the mixing process. This isn't as loud as it's half in the big shed and half in the [REDACTED] they put up in 2024. I wonder why this is done on a day the company says it's not open for business? Possibly to keep up with production and sales. Please forward to Mayor, council and bylaw. Thank you

Regards
