Message

I just heard of the possibility that the courts currently used for Pickleball across the street from the park, may revert back to a single tennis court. I am sincerely hoping that this will not happen. There are already several tennis courts at that location.

Pickleball is an enjoyable social game which is suitable for all ages. My husband and I belong to the PCPC and have played on the aforementioned court many times. There are precious few outdoor courts available to us, especially with the construction on the lacrosse box area.

Please reconsider reverting the court and leaving us with one less spot to play.

Pickleball has improved our health, fitness and social relationships with other local people. Long may it continue.
