I am writing to you in support of converting tennis court #1 at Centennial Park to 4 permanent pickleball courts. I am a North Saanich resident but due to the desperate shortage of dedicated pickleball courts I am forced to commute to various locations on the peninsula and Victoria in order to play. While doing so I often take the opportunity to fill my truck up with gas, pick up some groceries or otherwise support local businesses. Converting tennis court #1 to 4 permanent pickleball courts would improve community spirit, promote fitness and activity and support the local economy. All while not materially affecting the number of available tennis courts on the peninsula. The pickleball community has committed to cover the cost of the conversion so there is no financial risk to the District of Central Saanich. Please approve this project.
