Dear Mayor Windsor and Council

As a resident of Central Saanich since 1992 and an owner of commercial property (Unit 10, 6782 Veyaness Road) in the District, I would like to request that Mayor and Council approve the proposed conversion of Tennis Court 1 at Centennial Park to four dedicated pickleball courts. With the ever-increasing number of people participating in the sport, the closure of the courts at Wain Road Park removed the only dedicated facility available to us on the peninsula. This has had a tremendous negative impact to the pickleball community – a problem that your 'yes' vote could remedy.

Thank you very much for your consideration.

Sincerely

Doug McLaren
