I am writing this letter in support of the proposal to convert 1 tennis court on Hovey road to 4 pickle ball courts. There are 15 purpose built tennis courts on the Peninsula and zero pickle ball courts. This is despite pickle ball being the fastest growing sport in North America and certainly there are more pickle ball players than tennis players in this area.

With the recent addition although not completion of the lacrosse box we cannot count on spots being available for pickle ball as Lacrosse will take priority and other panorama programs.

Please consider the proposal that has been presented which would see the conversion being financed by pickle ball organizations.

Thank you
